Dental Card.

I wish to say a word to the Gentlemen and Ladies of Bangor and vicinity As parents you would do ... re for your children than for yourselves. A gen... man in Bangor, who is fifty years old, was in my ... a in April and said that he would give me one ... dred dollars if I would save one tooth in his mouth without extracting it. But he was too late. If a man will thus value one tooth, what should he ... for his children

Now if you cannot save your own, you can save the teeth of your children. Almost every day some father or mother will come to the office with some ... child to have me extract some aching tooth I examine the mouth and find that the painful tooth is not a temporary but a permanent one. The parent is surprised you are wrong she has never had but one tooth there she will certainly have a permanent teeth when this one is out of the way

A very large proportion of our patrons, have never known or have forgotten, that in our first set we have but twenty teeth. And that all teeth that grow back of the twenty are permanent ones, thirty two in all I have extracted within the past year, seven permanent teeth for one little girl who was not eleven years old Will you parents suffer your children to suffer for their life time by your neglect? If by neglect you have lost your natural teeth a good editor will tell you where to go for the best artificial ones Hundreds of people in Bangor and vicinity will endorse by their own experience all that he has said in his paper.

DR. J K. LINCOLN.—Though we have not the pleasure of a personal acquaintance with the gentleman, yet we have reason to believe that he is a most skillful practitioner of the dental art. At least, he has made one old face in our house look young again and has fitted, by art, a pair of jaws to masticate the food again which dame nature thought to deprive of this privilege a little too soon. We think the work and composition of the two full sets of teeth he has inserted cannot be exceled anywhere.—*Rural Intelligencer.*

My price now is $50 for a whole set of the best artificial teeth, $25 for a half set.

PURIFY THE BLOOD AND BEAUTIFY THE COMPLEXION

by using

HELMBOLD'S CATAWBA GRAPE JUICE PILL

AND

HELMBOLD'S HIGHLY CONCENTRATED FLUID EXTRACT SARSAPARILLA

This is the time to use good blood-renewing purifying and invigorating medicines

HELMBOLD'S FLUID EXTRACT SARSAPARILLA AND HELMBOLD'S FLUID EXTRACT GRAPE JUICE PILLS ARE THE BEST AND MOST RELIABLE.

One bottle of Helmbold's Fluid Extract Sarsaparilla equals in strength one gallon of the syrup of decoction as made by druggists, and a wine glass added to a pint of water equals the celebrated Lisbon diet drink a delightful and healthful beverage

The Grape-Juice Pill is composed of fluid extract Catawba grape-juice and FLUID EXTRACT RHUBARB

... seful in all diseases requiring a carthartic remedy and far superior to all other purgatives, such as salts, magnesia, &c

Helmbold's Grape Juice Pill is not a patented pill put up as those ordinarily vended, but the result of ten years experimenting and great care in preparation

SAFE FOR AND TAKEN BY CHILDREN,

NO NAUSEA, NO GRIPING PAINS

BUT MILD, PLEASANT, AND SAFE IN OPERATION

Two bottles of the Fluid Extract of Sarsaparilla and one bottle of the Grape-Juice Pills are worth their weight in gold to those suffering from bad blood, poor complexion head ache nervousness, wakefulness at night, costiveness and irregularities, and to those suffering from broken and delicate constitutions will give new blood new vigor, and new life

THE CATAWBA GRAPE PILLS are done up with great care and in handsome bottles, and will surpass all those vended in wooden boxes and carelessly prepared by inexperienced men, comparing with the English and French style of manufacturing

All of H T HELMBOLD'S Preparations are Pharmaceutical, not a single one being patented but all on their own merits.

To dispel any impression or prejudice that might exist in the minds of many against my preparations from the publicity given through advertising, and that I am and have been a druggist for a period of twenty years, and more conclusively to prove this, see letter

[From the largest manufacturing Chemists in the world.]

NOVEMBER 4, 1854.

I am acquainted with Mr H. T Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him I have been favorably impressed with his character and enterprise.

THE

NEW ORLEANS MOBILE & TEXAS

RAILROAD COMPANY

Are building a trunk line connecting New Orleans with Mobile on the east and giving

THE ONLY RAILROAD CONNECTION

between the former city and the great and most productive State of Texas on the west, the total distance from Mobile to Houston being 475 miles.

The company is composed of strong Northern capitalists who have already expended nearly TEN MILLION DOLLARS of their own funds in the construction of the line They have built about 225 miles from Mobile westward and secured by purchase of securities and made provision for the thorough repair and equipment of the 108 miles constituting the Texas division, leaving but 140 miles to be built

To Complete the Entire Road.

It is believed that no other railroad corporation in the country has ever made so large an expenditure from its own means before offering any of its securities to the public

The Company now offer for sale the

Eight Per cent. Mortgage Bonds

upon the Louisiana division of 226½ miles from New Orleans to the Sabine River This will probably be the most valuable portion of the whole line as it will be the only rail communication by which the enormous productions of Texas can reach the Southern metropolis

So important is this road considered to Louisiana that the State has made very liberal grants in aid of the enterprise by direct donations by endorsement of its bonds and by subscriptions to the stock of the Company amounting in all to over eight million dollars

The Bonds now offered are of two classes

FIRST MORTGAGE BONDS

to the amount of $12 500 per mile and

SECOND MORTGAGE BONDS

to an equal amount both principal and interest guaranteed by the State of Louisiana The price of the two classes is the same and subscribers can take their choice

The Bonds are only in the denominations of $1 000 or £200 each, interest payable January and July at the rate of eight per cent, currency in New York or seven per cent gold in London at the option of the holder at the time each coupon is due Bonds can be registered if desired

NO BETTER SECURITY HAS BEEN OFFERED

to investors The Bonds are largely profitable as well as entirely safe One thousand dollars invested in these eight per cent bonds will give the purchaser *more than seventy-seven per cent* greater annual interest than the same amount invested in the new Government Five Per Cents

At the same price, an 8 per cent currency long bond is far cheaper than a 6 per cent gold one Calculating a return to specie payments in three years and taking time that the bonds of the New Orleans Mobile and Texas Railroad have to run—49 years—we find that by compounding the interest of each every six months at 7 per cent **an 8 per cent currency bond at 90 will give a return of $2 514 18 MORE than a 7 per cent gold bond, at the same price or nearly three times the amount of the original investment**

The Bonds are dated May 1 1871 The first coupon will therefore be a fractional one running from May 1 to July 1 The price is 90 and accrued interest at 8 per cent currency from May 1 to date of remittance

Subscriptions will be received in Bangor by

P M. BLAKE, Banker,

and in Bucksport by

EDWARD SWAZEY,

At Bucksport National Bank

Clarke The account ... we quote

The treacherous Chief Satanta ... is famous ... He is treacherous cruel ... and ... hostile to the whites ... On the ... of May he led a party of one hundred Kiowa warriors against a supply train ... the ... on its way to Fort Griffin Texas and murdered ten of the party one of whom was burnt to cinders at a cart wheel ... the great Chief regarded as a wonderful achievement and ... boasted to Agent Tatum ... others ... visiting Fort Sill This boast came to Gen Grierson's ears the commandant of the fort and he reported it to Gen Sherman The rest ... in Gen Sherman's own words

I was sitting on the porch of Gen Grierson's quarters said Gen Sherman when it was reported to me that Satanta had ... boasting to Agent Tatum of having ... the train and massacred a number of teamsters I determined to put an immediate stop to this and sent word ... orderly that ... General wanted to see Satanta and ... The chief came up at ... and sat down on the porch I asked him if it was true that he had been killing ... whites that we could see nothing ... that ... but regarded it as cowardly ... if he wanted to fight we had plenty ... diers ... and ... with ... the fighting he wanted I had previously learned the full details of the massacre from one of the teamsters who had served in the Fortieth Illinois my favorite regiment ... escaped the massacre so I knew there was no danger of making a mistake Satanta evidently felt uneasy and at the first chance left the porch and made off to ... which was hitched to a tree near by I ordered Grierson to arrest him and a colored orderly who was standing by without a word of command rushed after the chief and placing his pistol at his head brought him back I now wanted to get the other chiefs and directed Grierson to station a guard in the rear of his quarters out of sight and send for Satank Big Tree and Big Heart. The last named failed to come but the other two responded, and seated themselves by the side of Satanta. Very soon afterward Kicking Bird and Lone Wolf came running on to the porch and Gen Grierson says that the former had ... a carbine each to two of the Kiowas and strung his bow I did not see this action myself but if I had it is uncertain what I should have done There was about ... for man present and for a few moments there was imminent danger of a scene of blood taking place I ordered the guards up and directed them to arrest the party of chiefs but Kicking Bird and Lone Wolf managed to get away I then ordered Satanta and Satank to be placed in double irons and sent to Texas where they had committed the murders to be tried by civil law I then ordered the garrison out under Gen McKenzie, to scour the country for Satanta's followers but when I left Fort Sill to come here the party had not been met with

Gen Sherman gives it as his opinion that these Kiowa chiefs stand but a poor chance of escape with a Texas jury and the humane Superintendent (Hoag) who had listened with intense interest to the narrative was constrained to admit that the execution of these murderous chiefs would have a good effect upon the tribe "

TO REMOVE PAINT FROM IRON.—Dissolve two pounds of potash in a bucket of water, add about one and a half pounds of slaked lime, and stir it well. With a mop apply this mixture to the paint, and after a few minutes it may be easily removed by scraping As rapidly as the old paint is scraped off, rinse the iron with fresh water, and dry it. This will leave the iron clean and bright.

JOHN H LYNDE, - - PROPRIETOR.

FRIDAY JUNE 23, 1871

A DEMOCRATIC SLOGAN—"DOWN WITH THE SCHOOLS!"

In feeble imitation of the Montgomery County Convention, the most enthusiastic supporter in this section, of Vallandigham's most poisonous doctrines and treasonable courses has endeavored to spring upon the Democracy of Maine a "new-departure" platform concocted to let the Penobscot Old Guard down gently on the "dead issues" and rushed through a Bangor caucus as the key note of the campaign. The Democrat of this week gives the full text of the platform introduced by Marcellus Emery, who evidently aspires to the leadership of the approaching Convention. The authoritative command to the old fogies of Democracy to swallow their past records no matter how nauseating the effort, has been too potent for resistance even by the stubborn malignants of this vicinity but their spokesman has endeavored to [illegible] evade the direct acknowledgments of the Ohio manifesto by quietly *burying out of sight all dead issues and deprecating the discussion of all past questions that can have application to the present affairs and condition of our State and country.* Upon the vital question of the validity of those amendments so constantly denounced as "revolutionary and void" the Bangor "departure" has only the vague utterance above quoted and hastily proceeds to assert the "living principles of Democracy" by devoting the remainder of its preambles and resolutions to assailing the most powerful enemy of that party—the improvement of our system of Common Schools.

Other topics are passed over with a brief repetition of hackneyed phrases and the main assault is directed at the Superintendent of Schools his work opinions and recommendations being denounced in unqualified terms and the Democracy called upon to make a square fight in the coming campaign against the policy of introducing any system of regularity or efficiency into our common schools. We ask nothing better of the Democratic Convention than that it insert this purpose upon its banners and join issue with us before the people in its true character of the most bitter opponent of extending and improving the facilities of popular education. This is a live issue" and one which we will cheerfully meet and if the Augusta Convention shall prove bold enough to adopt the policy thus recommended we will promise that the verdict of the people shall be so emphatic as to satisfy the most skeptical that they are sufficiently intelligent to appreciate the evils of ignorance and to welcome every effort for the superior instruction of their children.

The efforts to systematize our educational institutions are most severely anathematized in the creation of Superintendent and Supervisors and in the recommendation of uniformity in text books and the demand is distinctly made that we shall go back to the custom of requiring neither efficiency of teachers nor uniformity of instruction withdraw all assistance or oversight on the part of the State from that most important agency of its welfare and prosperity the education of the young. It is natural that such a disgraceful policy as this should endeavor to sustain itself by appeals to the lower instincts of humanity and we accordingly find the opponents of our schools complaining of their additions to the burdens of our taxation. It would be astonishing if anywhere but in a Democratic caucus citizens of this State could be found begrudging the assistance given towards instructing the children of the whole community when the State of Maine to-day expending for this purpose less in proportion to her population than any other Northern States excepting New Hampshire and Indiana. The men who would complain of the scanty and extended [illegible] in this most important direction should be shamed by the knowledge that where we spend $4.78 per capita Massachusetts provides nearly quadruple that amount or $16.4[illegible] and that while we pay the instructors of our children at the rate of $4[illegible] per month for males and the pittance of $14.00 for females our sister Commonwealth offers our competent teachers an average of $72.04 and $28.81 respectively. If there is anything for which the people should be willing to be taxed it is for the generous instruction of the young and yet the amount assessed upon our population for this object has been niggardly as compared with other States.

Common sense teaches that system is indispensable in the conduct of schools as in all their branches of comprehensive effort or enterprise and that system involves direction and supervision. What is everybody's business is nobody's and it would be the height of absurdity to leave the vital interests of education to be regulated by chance. Both reason and experience demand that under a Republican form of government the State should foster and stimulate the agencies for popular instruction and under the authority granted by the people, provide for their most efficient regulation. This necessity and duty has been recognized elsewhere and Maine has but followed the lead of our most enlightened States in placing a Superintendent at the head of our schools. The importance of the position is not to be measured by the efficiency of an individual incumbent and the abuse which has been lavished upon Mr Johnson furnishes but an impotent argument against the system. That this abuse has been unjust and malicious however is best shown by the improvements which that officer has inaugurated and by the hearty commendation which his educational views have elicited from the most intelligent sources in other States. The system of County Supervisors has been established in twenty four States of the Union and is everywhere endorsed as one of the most effective agencies employed. The system has already borne good fruits in Maine in spite of the prejudices so industriously manufactured and the benefits of this personal supervision of the schools of a County by an experienced and zealous officer will soon become so apparent to all that factious hostility will be silenced. The cost of securing a rigid personal supervision of every school in the State with the advantages of County Institutes which have infused new life into our methods of instruction, is $18,000 per year, including the expense of travel, and if any voter feels like complaining of a tax for this purpose which requires a dollar to be paid on every fourteen thousand he should have ample opportunity to declare for free rum and the abolishment of the school tax.

The Democrats of the Penobscot have raised their war-cry against the common schools, men whom we should hardly have suspected of subscribing to such illiberal sentiments, following the lead of their spokesman without a murmur. We await the action of the assembled Young and Old Democracy at Augusta on this question, and only hope they will seal their own condemnation by endorsing this tirade against the efforts of our State to provide for every child, both of the rich and poor, the blessings of a thorough and practical education.

The Pullman Express. The Democrat says: "Mr. Superintendent Prescott, of the Eastern [illegible] requests us to state that the credit for the establishment of the Pullman car line between this city and Boston, is not due to him but to others."

Hon. N. G. Hichborn informs us that the third party temperance men of the State are very strongly in favor of holding a State convention to discuss the question of nominating a temperance candidate for governor. He says that they are very much dissatisfied at the non-enforcement of the liquor law. He says he does not personally favor the movement.—[Belfast Age.

As these irreconcilable gentlemen are so soon dissatisfied with the administration elected by the Republican party on their recommendation, people will have but little faith in their fidelity to anything but their bolting proclivities. Gov Perham was accepted as the choice of the radical temperance men, has won the confidence and respect of the whole party, is honestly endeavoring to carry out the laws so far as his Executive authority extends, and will receive an endorsement at the Convention so hearty as to drown the murmurs of a few habitual grumblers. The mass of temperance men will have no sympathy with these disorganizers and their efforts will fail to make a ripple on the political surface.

General Spinner writes that he attempted to call on the Rothschilds, but after waiting a long time in the ante room left in disgust. A messenger was sent after him when his identity was discovered but the Gen refused to return informing the agent that dogs are not so treated in America. In Washington, Gen Spinner was distinguished for his attention and affability to those who visited his office on business.

Paschal Grousset the Communist minister who planned the destruction of the Column Vendome, was arrested at the house of his mistress attempting Jeff Davis' role of escaping in female disguise. He was placing a chignon on his head when seized by the police.

The Iowa State Republican Convention was held at at Des Moines Wednesday. C C Carpenter was nominated for Governor by acclamation. H F Butler for Lieutenant Governor, James D Gray for Judge of the Supreme Court, Col Anson Abernethy for Superintendent of Public Instruction. Resolutions were adopted endorsing the Republican party and the Administration of President Grant.

The Ohio Republicans. In the Republican State Convention at Columbus, O on Wednesday Gen Noyes in his speech accepting the nomination said that the Republican party had brought back the old relations reduced the debt and taxation, inaugurated a humane Indian policy on the frontier which obviated the necessity for a standing army introduced a new epoch in the settlement of national disputes by arbitration and had made us the foremost nation in prosperity. On the other hand the Democracy had been compelled to take the backward march to cover their past political history.

Senator Sherman addressed a large crowd Wednesday night in the State House Square reviewing the topics of the day at considerable length. He accepted the Democratic new departure as an acquiescence of the enemy in the righteous policy and peformances of the Republican party, but he distrusted the will and ability of the new departure democrats to carry out Republican principles so well as the Republicans themselves. Senator Sherman was listened to attentively and was followed by Gen Garfield who gave the Democracy a scathing review.

POLITICAL AND PERSONAL

James W Cavanagh has been defeated for renomination as delegate to Congres from Montana.

The case of ex Congressman Bowen is still before the Bureau of Justice no action having been taken on the petition for pardon.

The New York State Editorial Convention assembled at Saratoga Thursday morning with over one hundred editors present.

Many friends of Rev Charles Cleveland, of Boston congratulated him Wednesday at his residence, on the occasion of his 99th birthday.

The Grand Jury in Fulton County, Georgia on Wednesday indicted Foster Blodgett late Supt. of State roads and his private Secretary, Varney Gaskill, for embezzling State road funds.

In Washington on Wednesday, R. D Ruffin (colored) recovered $215 of the $313 claimed from Richard Ayer for stumping the first Virginia district for Ayer's re-election to Congress in 1870.

Senator Stewart of Nevada is now at Salt Lake City as counsel in several law suits. He commends the appointment of new Judges for Utah but the gentile lawyers and federal officials are opposed to any change.

The New York Day Book red hot Democratic calls the Vallandigham platform "the great crab movement of the Democratic party," and says that it is an attempt "to crawl backward out of sight of every principle always held sacred by the party.

Gen Sherman has returned from his extended tour through the west and south west and is again in his office in the War Department. His view of the Indian situation is much more hopeful than many persons heretofore supposed.

Rev Drs Budington, Palmer and H M Storrs went to New Haven on Wednesday to confer with reference to organizing a new missionary agency from the American and Foreign Christian Union. They will visit most of the Congregational Associations in New England.

While making a speech in the Connecticut House of Representatives on Thursday, upon the question of appropriating money for a new capitol building in Hartford Hon W W Eaton was taken with a fainting fit and sank into his seat. The House immediately took a recess. Mr Eaton was better during the afternoon.

The Democrats of California are inquiring of each other *Did* Gov Haight pay for Senator Burnett's monument out of the State secret service fund? and is there any inscription upon the monument setting forth that it was erected by the Governor of the State, as a tribute of respect and esteem for a faithful public servant and a steadfast friend?

The Ohio Democratic State Committee met on Wednesday and appointed an Executive Committee. Resolutions relative to the death of Vallandigham were adopted, but nothing was done about the alleged miscount of the vote by which Ewing was cheated out of his nomination and McCook remains on the ticket.

The Democratic State Convention at Sacramento, California, on Wednesday renominated Gov Haight on the first ballot on the anti railroad-subsidy platform. Judge Lewis of Tehoma, was nominated for Lieut. Gov and Jackson Temple and Selden S Wright for Judges of Supreme Court. The platform opposes Chinese immigration and subsidies to railroads. It accepts the results of the war and the constitution as it now stands.

Mrs. Vallandigham was still unconscious on Wednesday. The physicians in constant attendance are reticent as to her recovery.—She fails to recognize her most intimate friends and it is feared that she has lost or will lose her reason, while others declare that the double shock she has encountered during the last few days in the loss of her brother and husband threaten the most fatal consequences and that her death is a matter of brief time.

A hurricane has destroyed the nutmeg and mace crops of the Banda Islands in the Malay archipelago. The loss is estimated at half a million pounds sterling, and it will take years for the planters to recover from that blow.

The "Rock Island" Panic. The Fifth Avenue Hotel, New York, was crowded Wednesday night with brokers. It was said by some that the true secret of failure of the clique was that Woodward "lost his head" at the critical moment. It is as he had on a similar previous occasion. Others said this is the revenge of Gould and Fisk. Woodward went back on them on the "Black Friday" business. Willard, Bock and Martin are the successors of the old firm of Smith, Gould & Martin, with William M Tweed, Jay Gould and Henry M Smith as special partners. When Woodward faltered on Wednesday morning, this firm rushed in and glutted itself with revenge, depressing the stock until he was ruined. The Brokers who are now crushed in Woodward's overthrow, are almost without exception, those who fell under his head on "Black Friday."

The Commencement exercises of the University of the city of New York were held Thursday in Booth's Theatre. In addition to the regular degrees five received those of Dr of Medicine, and eight Bachelors of Laws — Chancellor Crosby announced that hereafter students will be admitted in the Department of Science and Art, without change.

Rare Chance.

A Valuable House for Sale,

The owner, having removed from the city, wishes to sell this house, situated on West Broadway. It is a large new two-story house with a French roof and is furnished throughout in the best manner and with all the modern improvements. It is situated on one of the pleasantest street in the city, and all of the surroundings are as good as could be found anywhere. The lot contains about seven eighths of an acre (102 feet on the street, and about 350 feet back) and is all under a high state of cultivation. The soil is very nice and light. There are nearly all kinds of fruit trees and shrubbery on the lot, and a nice flower garden beside the house. It is seldom that such a chance is offered to persons wishing to buy a nice house.

It must be sold immediately. For particulars inquire at No 4, Broad Street, Bangor.

Debility and Emaciation

Both result from the lack of ability to convert the food into nutriment. How necessary then for those suffering from these alarming symptoms to immediately resort to a remedy that will strengthen the stomach and digestive organs. For as soon as this desirable object has been accomplished the health improves and the patient resumes his usual personal appearance. Hostetter's Stomach Bitters have attained a world wide popularity in such cases and have been proven the best and safest means of removing constipation toning the stomach giving energy to the liver and relieving every symptom of nervousness and depression of spirits. Its cheering and beneficial effects are highly spoken of by thousands who owe to it their restoration to health. No restorative in the annals of medicine has attained the same popularity in the short space of time it has been before the public or has won the high endorsements accorded to this excellent tonic. Many other preparations purporting to be correctives and restoratives have been introduced and have perished one by one while the popularity of Hostetter's Stomach Bitters continues to increase, and is now recognized as a standard household medicine. The success which attends the use of the Bitters evinces at once its virtues in all cases of debility and disease of the stomach. Certificates almost without number have been published attesting its truly miraculous power in removing these painful and fearful diseases. And at this time it seems idle to do more than call attention to the great remedy of the age in order to awaken public attention to its excellence. It is the only preparation of the kind that is reliable in all cases and it is therefore worthy of the consideration of the afflicted.

CONSUMPTION

ITS CURE AND ITS PREVENTIVE

By J H. SCHENCK, M. D.

Many a human being has passed away for whose death there was no other reason than the neglect of known and indisputably proven means of cure. Those near and dear to family and friends are sleeping the dreamless slumber into which had they calmly adopted

DR JOSEPH H SCHENCK'S SIMPLE TREATMENT

and availed themselves of his wonderfully efficacious medicines they would not have fallen.

Dr Schenck has in his own case proven that wherever sufficient vitality remains that vitality by his medicines and his directions for their use is quickened into healthful vigor.

In this statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self assuring self-convincing.

The Seaweed Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two-thirds of the cases of consumption originate in dyspepsia and a functionally disordered liver. With this condition the bronchial tubes sympathize with the stomach. They respond to the morbific action of the liver. Here then comes the culminating result and the setting in with all its distressing symptoms of

CONSUMPTION

The Mandrake Pills are composed of one of Nature's noblest gifts the Podophillum Peltatum. They possess all the blood searching, alterative properties of calomel but unlike calomel they

"LEAVE NO STING BEHIND

The work of cure is now beginning. The vitiated and mucous deposits in the bowels and in the alimentary canal are ejected. The liver like a clock is wound up. It arouses from its torpidity. The stomach acts responsively and the patient begins to feel that he is getting at last

A SUPPLY OF GOOD BLOOD

The Seaweed Tonic in conjunction with the Pills permeates and assimilates with the food. Chylification is now progressing, without its previous tortures. Digestion becomes painless and the cure is seen to be at hand. There is no more flatulence no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impaired and diseased portions of the lungs. In the form of gatherings it prepares them for expectoration and in a very short time the malady is vanquished, the rotten throne that it occupied is renovated and made new and the patient, in all the dignity of regained vigor steps forth to enjoy the manhood or womanhood that was

GIVEN UP AS LOST

The second thing is—the patients must stay in a warm room until they get well. It is almost impossible to prevent taking cold when the lungs are diseased but it must be prevented or a cure cannot be effected. Fresh air and riding out especially in this section of the country in the fall and winter season are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased and yet because they are in the house they must not sit down quiet, they must walk about the room as much and as fast as the strength will bear to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite and is the great point to gain.

To despair of cure after such evidence of its possibility in the worst cases, and moral certainty in all others is sinful. Dr Schenck's personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption confined to my bed and at one time my physicians thought that I could not live a week. then like a drowning man catching at straws I heard of and obtained the preparations which I now offer to the public and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs and I would spit up more than a pint of offensive yellow matter every morning for a long time.

As soon as that began to subside my cough fever pains and night sweats all began to leave me and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength and have grown in flesh ever since.

I was weighed shortly after my recovery" added the Doctor, then looking like a mere skeleton my weight was only ninety-seven pounds my present weight is two hundred and twenty five (225) pounds and for years I have enjoyed uninterrupted health."

Dr Schenck has discontinued his professional visits to New York and Boston. He or his son, Dr J H. Schenck, Jr still continue to see patients at their office, No. 15 North Sixth street, Philadelphia every Saturday from 9 A M to 3 P M. Those who wish a thorough examination with the Respirometer will be charged $5. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses, the three medicines need no other accompaniments than the ample instructions that accompany them. First create appetite. Of returning health hunger is the most welcome symptom. When it comes as it will come let the despairing at once be of good cheer. Good blood at once follows, the cough loosens, the night sweat is abated. In a short time both of the morbid symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in tens of thousands of families. As a laxative or purgative, the Mandrake Pills are a standard preparation while the Pulmonic Syrup, as a cure of coughs and colds, may be regarded as a prophylacteric against consumption in any of its forms.

Price of the Pulmonic Syrup and Seaweed Tonic, $1.50 a bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists and dealers.

One morn while going down the street
I met two gents intently talking
Their earnestness seemed strange to me
So I slacked up my pace in walking
One was a *large* man *very fat*
The other sickly lean and puny
The contrast was so very great
It really seemed extremely funny
And this I heard the lean man say
What can I do to make me healthy
I'd rather have that *fat* you wear
Than to be made immensely wealthy
I'll tell you then Fatty replied
Were I like you all skin and bones
I'd change my tactics very quick
And buy my meats of

John S Arnedel of California, lost $1500 in a Mercer Street panel house last night.

Isaac Kauffman was to-day held for $1000 bail for defrauding the Revenue by the re-use of tobacco stamps. A tobacconist named Long of Norwich, an alleged accomplice, has been arrested and his store has been seized

The tea, coffee and sugar merchants in this city to-day appointed a Committee of 54 to organize a "Grocers' Board of Trade," to whom all complaints, irregularities and discreditable practices in business will be referred

The Viele divorce case was finally postponed to-day till October

The annual regatta of the New York Yacht Club came off to-day The start was made from the stake boat off Clifton, Staten Island, at 11 55 A. M. The sloop Kaiser Wilhelm led the fleet through the narrows, followed by the sloops Viking, Coruing and Peerless, and the schooners Tidal Wave, Fleet-wing, Palmer, Alice Magic and others. The wind held from the east with ebb tide to the southwest spit and there half of the fleet rounded one of the new can buoys recently placed there, instead of the south-west spit buoy, rounding the light-ship six miles off Sandy Hook The Dauntless fouled the Madeline, carrying away her fore-topmast and light sails.

The wind then hauled to the southard, and all started sheets for home, on the home stretch, against a ebb tide, the wind calmed down, the smallest vessels going ahead and the schooners losing distance. The first vessel home was schr Tidal Wave having sailed over the 42 miles course in 6 hours, 0 minutes and 6 seconds, Cambia 6 hours, 1 min. and 2 seconds, Palmer 6 hours, 27 min. 42 sec., sloop Addie 6.29; Peerless 6.21.50; Gracie 6.48 46 Corning 6.49 28

As half of the fleet rounded the wrong buoy the judges declined to make a decision until all the protests were received. If the sailing directions are adhered to, the sloop Corning takes the subscription cup, and the schooner Idler, the subscription cup. If the buoy at the southwest spit, turned in error by half the fleet, is allowed, the schooner Tidal Wave takes three schooner prizes, and the sloop prizes will be between the Addie and Vixen. The decisions will be made to-morrow

THE 'ROCK ISLAND' PANIC

New York, June 22

The total number of failures on account of the Rock Island panic yesterday, thus far is thirteen, and an aggregate of about 600 shares were sold out under the rule. The general tone of the market is improving to-day though it is expected that it will take some days for the actual situation to become known. Woodward was interviewed this morning at his residence in Brooklyn but declined to con[illegible] nerse on yesterday's events. He would only say the ring really held but 60,000 shares, while he at his own individual risk and in his own name held the remaining 200,000 shares, but added "The entire amount was under my control, and I really had some 500 000 more shares to my credit than the market. He said the complication that brought on the crash was simple enough He had been promised the loan of a certain amount of money yesterday morning, and counting on that, he had bought heavily on the preceding day The money was not forthcoming, therefore he failed That was the cause of the entire panic

The Commercial Advertiser demands "legal measures for the punishment of the scamp engaged in the infamous Rock Island swindle the principal figure-head in this most disgraceful and villainous transaction being Wm S Woodard, a man notorious for his connection with nearly every plundering stock scheme that has disgraced Wall and Broad Sts, in the last twenty years."

BAPTIST STATE CONVENTION

West Waterville, June 22, 1871

To the Editor of the Whig & Courier

The interest in the convention increases—Wednesday afternoon was occupied by discussions

The first topic was "The Convention in its relation of helpfulness to other and larger organizations of Christian benevolence, such as the Missionary Union, the Home Mission Society, the Bible and Publication Society"

Prof. Foster, of Colby University, urged the necessity of beginning with this, our own home work, and working out through these, other organizations

Rev Dr Murdock, of Boston, Home Secretary of the Foreign Missionary Union made a thrilling address, giving an account of the work in the foreign fields, showing the great progress made and the need of more missionaries.

Rev Dr Mason, of Boston, District Secretary of the Home Mission Society, presented the claims of tha. Society, showing the wants of the Western States and the needs of the freedmen. He stated that there were in Missouri seven or eight hundred churches, of which less than twenty seven have preaching There were large towns and cities where there were no churches of any kind, and where the people hear as little of the gospel as those in heathen lands Contributions from this State for this cause had doubled during the last year

Rev Dr, Child, of Boston, New England Agent of the Bible and Publication Society, presented quite fully the work of that organization in seeking to put religious literature into every family

Wednesday evening the Education Society held its session. The President, Rev. Dr Wilson, of Waterville, has been removed by death during the past year.

Organization was effected as follows—President, F. T Hazlewood, Vice President, M Seyford Secretary, C. M Emery Treasurer, S. K. Smith. The Secretary and Treasurer read their reports.

The educational work was discussed by several members present, and a committee appointed to bring the interests of the Society before the several associations.

The Annual Sermon was then preached by Rev C M. Emery, of Thomaston Text—Rom. 8 1. Theme, "The believer's security"

The session was one of great interest and harmony throughout, made so very largely by the kindness of the West Waterville people. The next meeting is to be at Bath. Pen.

NEW MAGAZINES.

The Atlantic for July, contains contributions from the pens of Longfellow, Saxe, Dana, John Hay, and other popular writers. A very valuable and attractive number.

James R. Osgood & Co., Boston.

The opening article in the July Lippincott, is a poem illustrative of the frontispiece, which is a fine engraving of the "Interior of Independence Hall," followed by a chapter on "Baltimore Beauty," and a capital story by Margaret Hosmer, entitled "Frightened to Death." [illegible]

J. B. Lippincott & Co., Philadelphia.

The July Galaxy has an interesting article on the "Dutch at Home," which will be continuations of the various serials, and the usual number of good poems, sketches, [illegible]

—A new version of an old proverb—"Economy is the thief of time"

—Delightful weather last evening,—to those who kept in-doors.

—Fishermen are meeting with great success in all directions

—Householders in all parts of the city are improving the appearance of their lots by grading, turfing, &c.

—'Broad is the way that leads to'—the new jail, and it is not paved with good intentions," it's concreted

—Mr F A McLaughlin, of Mattawamkeag, offers for sale the patent right of Sweetland's Refrigirator

—Tie your horses when you leave your carriages, and don't leave them on a cross walk

—About 500 bushels of potatoes was brought to and sold in this market yesterday, at an average price of $1 10 per bushel

—Strawberries are growing more plenty and cheaper in this market. Field strawberries retail at 25 cents per quart (?) box

—The cattle and sheep drovers of Bangor and vicinity, are going up on their Aroostook raids for stock

—Union St., between Third and Fourth streets, has been closed while workmen are at work on the sewer

—The Bangor Cornet Band, A D Harlow, leader will give an out-door concert in East Market Square this evening

—A runaway horse on Cental St. and a collision on Kenduskeag bridge, resulting in a smarsed buggy, were all the out-door excitements down town last evening

—A fractious "yaller purp" bit a woman residing on Hancock St the other day The dog was captured and shot by the police yesterday

—Track laying on the Maine Central extension is progressing at the rate of a third of a mile per day Over three miles are now laid above Cumberland

—De Molay Commandery was escorted from the Exchange to the Maine Central station yesterday morning, by St. John's Commandery of this city, and left for home on the 8 45 train

—Schooner M L Crockett, Capt. George Crockett, left this port with a cargo for Boston, unloaded there, put another full cargo on board, and arrived at Winterport in just 11 days from the time she started from Bangor

—Mr Chas E Greene, civil engineer, of this city, has just finished the survey of the Winterport Railroad The route surveyed is very 'easy,' free from heavy grades, and with but few fills and excavations

—We learn that Eddy's drive on the West Branch has been hung up, and that Ross and others are making "running drives It is estimated that some 25 or 30 million feet of lumber will be hung up on the Penobscot and its tributaries this season

—A span of bay colts owned and driven by Mr J C Mitchell, attracted considerable attention on the streets yesterday One is only one year old and the other two years but they are both large handsome animals, and as docile and well behaved as though they were a dozen years old

—Messrs Hallowell, Rice & Co have just put a new and powerful water wheel into their "excelsior" manufactory at Orneville Eight machines are now running, and the production of the establishment amounts to about two tons per day

—A city correspondent writes — Our churches must try and make their pews more secure and then some of our young men will not be afraid of the young ladies falling out when they attend church, and they will not have to use one arm to protect them during evening services'

—Capt. Henry E Sellers, Aid to Revenue, was standing in one of Dale & Co's, storehouses on Broad St., yesterday afternoon superintending the unloading of a cargo of shingles from the Provinces, when a board 10 feet long and a foot wide fell from the upper story and struck him on the head, cutting a gash in the scalp three inches in length It is a wonder that the Captain's skull was not fractured, as it is, it will probably be some time before he recovers from the effect of the blow

—The Penobscot Musical Association hold their next session (twenty fourth) in this city the 26th of September next, under the direction of Prof L H Southard of the Peabody Institute, Baltimore The Oratorios of Elijah and of Moses in Egypt, rehearsed last winter will be given, with other music, during the three days session The Mendelssohn Quintette Club are engaged as Orchestra, and among the solists will be Mrs Smith (Soprano), Mr Whitney, (Basso), with a Tenor and Alto of the first order

Fire on Main St.—Just after the bells struck 12 last night, fire was discovered breaking out under the counter and the [illegible] in the show window of Lowell & Spencer's jewelry and music store No. 14 Main St. An alarm was instantly given, several policemen [illegible] the fire department [illegible] hour the flames were extinguished, but not until the interior of the store was pretty well burned out, and the stock ruined by fire, smoke and water. The music room on the second floor was, with its contents, very much damaged, as was the stock in Coombs' millinery store next door below. The sewing-machine store of Read & Stone, next door above was also slightly damaged. The building is owned by Mrs. Eliza B. Fowler and insured. Lowell & Spencer had an insurance on their stock; Coombs' stock was also insured. It is impossible at this hour to estimate the losses. Miss Ella Hodge resided over Coombs' store, and with her sister, Mrs. Charlotte Brown, were nearly suffocated with smoke before they found their way out. Mrs Brown was helpless from a fractured limb, and was carried out on a matress and taken to the Harriman House by several gentlemen, fortunately suffering no injury beyond a severe jolting in coming down stairs

The fire had every appearance of being incendiary, say those who were first on the spot.

MUSIC IN THE NIGHT

BY MRS HARRIET PRESCOTT SPOFFORD

When stars pulsate their soft nun flight,
Hft in the mi idle of the night
A strain of music visits me
Hushed in a moment allverly—
Such rich and rapturous st alns as make
The very soul of silence ache
With tinging for the melody

Or lovers in the distant dusk
Of summer gardens sweet as musk,
Pouring the blissful burden out
The breaking joy the dying doubt
Or revelers—all flown with wine,
And in a madness half divine
Belting the broken tunes about

Or else the rude and rolling notes
That leave some strolling sailors' throats
Hoarse with the salt spray—it may be
Of many a mile of rushing sea
Or some high minded dreamer strays
Late through the solitary ways,
Nor heeds the listening night, nor me

Or how or whence those tones be heard,
Hearing the slumbering soul is stirred
As with a swiftly passing light
Startles the shadows into flight
While one remembrance suddenly
Thrills through the melting melody—
A strain of music in the night

Out of the darkness bursts the song,
Into the darkness moves along
Only a chord of memory jars
Only an old wound burns its scars,
As the will sweetness of the strain
Smites the heart with passionate pain
And vanishes among the stars.

ARTEMUS WARD'S LAST—The following is said to have been the last thing written by Artimus Ward

Until quite recent I've been a healthy individual I'm nearly sixty, and I've yet got a muscle into my arm which don't, make my hats resemble the trade of a canary bird when they fly out and hit a man Only a few weeks ago I was exhibitin' in East Showboygan, in a building which had been formerly ockepied by a pugylist—one of the fellers what buts from the shoulder and teaches the manly art of self-deesnse And he cum and sed he was goin' in free in consequence of previsly ockepying sed buildin' with a large yelier dog He sed, Oh, yes I sed, Oh no He sed, 'Do you want to be ground to powder? I sed Yes I do if there is a powder grinder handy, when he struck me a disgustin' blow in my left eye which caused that, concern to close at once for repairs, but he didn't hurt me any more I went for him energetically His parents lived near by, and I will simply state that fifteen minutes' after I had gone for him, his mother, seein' the prostrated form of her son approachin' the house onto a shutter, carried by four men, run out doors, keerfully looked him over, and sed, 'My son you have been foolin' round a threshing machine You went in at the end where they put the grain in, and came out with the straw, and then got up in the thingumbig and let the horses trod on you didn't you my son?' You can imagine by this what a disagreeable person I am when I'm angry"

MOSSES IN PASTURES.—The New York Farmers' Club was asked a few weeks since, can land on which mosses are taking the place of grass be economically reclaimed, and grass be made to grow by any top dressing other than barnyard manure? or by any other process than that of ploughing and reseeding? The question was answered by Mr. Colgate; Mr. Randall; Mr. Stewart; Mr. Hallock; Mr. Hoskins; Mr. Hallock; Mr. Hoskins; Mr. Hallock; Mr. Hoskins
